

Connecting every
Queenslander to the
outdoors

We're for

LIVING LIFE OUTDOORS

The outdoors is a place Queenslanders use every day, whether to make a living, to learn or for leisure, health, lifestyle or play. The outdoors is a sanctuary that everyone deserves access to. Outdoors Queensland understands the connections that people want to make with the outdoors and wants to ensure safe and equitable access for all.

We will do this through conversations and partnerships with the outdoor industry and the residents of Queensland. We will listen to understand everyone's hopes, expectations and concerns. Together we will identify barriers to participation and together we will help improve our health and lifestyle. Our aim is to amplify the collective messages of industry and the community. We hope to be a meeting place for all those wanting to be involved.

Outdoors Queensland makes connections between between people, communities, industry and decision-makers to facilitate mutual understanding about how to sustainably use the outdoors and find ways to overcome participation barriers.

We work towards the outdoors being understood as being incredibly valuable in creating a better and healthier Queensland. We strive for better planning and research and more partnerships and programs to help us get there.

Live life outdoors

Outdoors Queensland is here for every Queenslander in their outdoor journeys

WE GIVE PERMISSION

All Queenslanders can experience the outdoors on their own terms. If you are just starting your outdoor journey, **we will create pathways** for you to find and connect you to the outdoors that best suits you.

WE FOSTER HABIT

When you have found your stride in the outdoors, **we will help you to connect** with others that can take your outdoor adventures to the next level. We identify and highlight new places and providers that can help to push your boundaries.

WE CREATE COMMUNITY

Outdoors Queensland is a community. **We will bring together** people, outdoor recreation providers, and outdoor advocates who all have one thing in common - a love of the outdoors! We are a facilitator of conversations, provide advice on best practice in the industry, and an ear to listen to concerns and to celebrate successes.

All of this could not be possible without the financial support of Queensland State Government and our members. If you would like to become a member of Outdoors Queensland as an individual, organisation or enterprise, and be a part of this amazing community, head to our website or get in touch with us at:
